**Everyone has the ability to "see" the aura...**  
As children we are not taught to develop our third-eye centre. When we were young we naturally had many perception skills that were undernourished. Now is your time to reconnect with any lost latent talent that you once had. Discover how easy it is to perceive through simple exercises that Susanne will teach you. Susanne is certified through the Auramed Academy in Germany. Learn how to enhance your various senses of perception.

Join us for this exciting workshop. Call Gaia at 604-734-4372 or text Susanne at 604-708-9448 to reserve your spot!
